AT WASHINGTON, D.C.

On August 6, 1973 and September 17, 1973, SA [redacted] contacted FRANKLIN E. VANDEGRIFT, Deputy Director, Special Operations Group, U.S. Marshals Service (USMS). Mr. VANDEGRIFT advised a communication dated February 13, 1973, from Secretary of the Interior to the Attorney General was the only communication received by the USMS. Mr. REIS R. KASH, Associate Director of Operations, USMS, further advised that all orders and directives given by WAYNE B. COLBURN, Director, USMS, were maintained by log or journal, the original of which was forwarded U.S. Attorney WILLIAM F. CLAYTON.

On September 20, 1973, SA [redacted] contacted RAYMOND BUTLER, Director, Office of Indian Services, Bureau of Indian Affairs, Department of the Interior. Mr. BUTLER advised he inquired throughout BIA and determined prior to the March 19, 1973 letter from Oglala Sioux, no written communication could be located requesting the presence of U.S. Marshals.

## FEDERAL BUREAU OF INVESTIGATION

(2) Date of transcription March 7, 1973

On February 27, 1973, the following took place:

At approximately 9:00 p.m., while at a motel room in Rushville, Nebraska, I received a telephone call from a news service who advised that MARIO DESENZA had in turn advised him that there would be a confrontation at Wounded Knee that night.

Upon receipt of the above information, I telephoned the U. S. Marshal's Office at the Bureau of Indian Affairs (BIA) Building in Pine Ridge, South Dakota, and furnished the above information to them. They advised me that they had received the same information and that, in fact, Indians were then at Wounded Knee and had burglarized a store and taken a considerable amount of weapons and had obtained several hostages. Allegedly one of the hostages, a Mrs. GILDERSLEEVE, was on the phone to the Police Department advising them of this situation.

I immediately left the motel room, assembled all available Agents, and we proceeded to the Pine Ridge area and then there to Wounded Knee Road. I was advised by radio that the BIA Law Enforcement officers in the area had been fired upon when they attempted to enter the town site. They had retreated to a place on Wounded Knee Road further south and were standing by.

At approximately 10:00 p.m., I rendezvoused with the BIA Police Officers and ascertained that they had been fired upon and that some of their units were attempting to establish a roadblock north of town. I suggested to the BIA Police that they reinforce their units on the north end of town, as well as on the east and west side, and the FBI would handle the roadblock on the south end of Wounded Knee Road where it meets Highway 18.

At about this time, a fast-moving car sped by the area and proceeded south on Wounded Knee Road at a high rate of speed. I ordered that we give immediate chase and use the siren to compel the vehicle ahead of us to stop. The car I was in was then being driven by Special Agent [redacted] Several miles down the road, the car stopped and the driver

identified himself as [redacted] Oglala Sioux Legal Services. [redacted] advised that he had come from Wounded Knee. He further related the following:

b6

He was in no way involved in the takeover of the town site and, in fact, he was shocked at this conduct. He knew many of the American Indian Movement (AIM) people and was frequently with them and thought that they were going to go to Wounded Knee to have a pow-wow.

When he found out that they were taking over the town and burglarizing the store, he decided to get out as soon as he could. [redacted] was told that if we developed any information that he was involved in this incident he would be under arrest. He voluntarily opened the trunk of his car to show that he had no items taken from the burglary. He was requested to proceed to the BIA Building in Pine Ridge for detailed interview.

On my instructions, FBI Agents stopped all cars exiting from Wounded Knee and if the occupants had articles in their possession indicating they may have been taken from the burglary, I instructed that the occupants be arrested. I further advised that unless the occupants could explain why they were coming out of Wounded Knee at this time, such as a tourist who might have been caught up in the middle of this situation, that the occupants of any such cars would be subject to arrest. It should be noted that these instructions were issued immediately after the roadblock was put up on the Wounded Knee Road and Highway 18.

The second or third car to arrive at the roadblock was a car driven by [redacted] U. S. Department of Justice, [redacted] I went up to him and said, "Mr. [redacted] to work with those people is one thing, but if I find that you have participated in a burglary with them, I will have to arrest you."

Mr. [redacted] replied that he was at Wounded Knee when the burglary and subsequent takeover occurred. He said he wanted to leave but they told him they wanted him to wait while they made their demands. I asked him what demands he was referring to, at which time he gave me two pieces of paper which state as follows:

"DEMANDS

"I. Senator WILLIAM FULLBRIGHT to convene Senate Foreign Relations Committee immediately for hearings on treaties made with American Indian Nations and ratified by the Congress of the U.S.

"II. Senator EDWARD KENNEDY to convene Senate Sub-Committee on Administrative Practices and Procedures for immediate, full-scale investigation and exposure of the Bureau of Indian Affairs and the Department of the Interior from the Agency, reservation offices, to the area offices, to the central office in Washington, D.C.

"III. Senator JAMES ABOURKEZK to convene the Senate Sub-Committee on Indian Affairs for a complete investigation on all Sioux Reservations in South Dakota.

"A. Oglala Sioux Civil Rights Organization:

"B. American Indian Movement:

2. Senator's KENNEDY, ABOUREZK, and FULLERIGHT - or their top aides.

"The action and seizure of Wounded Knee, South Dakota on February 27, 1973 at 8:30 p.m. by the Oglala Lakota with the support and technical assistance of the American Indian Movement is taken because of the complete tyranny and suppression of the Oglala and all American Indian people.

"The Bureau of Indian Affairs is responsible for the tyranny because of rampant graft, corruption and outright dictatorship of Indian people.

"The only two options open to the United States of America are:

- "1. They wipe out all the old people, women, children and men, by shooting & attacking us.
- "2. They negotiate our demands.

[redacted] also mentioned that he was told to write the following information down and present it in the form exactly as shown below. He then referred to some notes and said, "Communicate this demand to whoever is in charge. We are operating under the Provisions of the 1868 Sioux Treaty. This is an act of war initiated by the United States. We are only demanding our country."

I asked [redacted] who gave him this demand and he replied that it was given to him by RUSSELL MEANS.

Based on the assurance of Mr. [redacted] that he was not personally involved in the burglary or the takeover, I permitted him to proceed out of the roadblock area. I told him that I would see to it that the information he supplied would be furnished to the appropriate authorities.

Supervisor [redacted] was placed in charge of this roadblock and I then proceeded to the Command Post in order to handle the placement of additional personnel as they arrived from Rapid City, South Dakota.

On the morning of February 28, 1973, I was requested by SAC JOSEPH H. TRIMBACH to drive him in CG 102 to the village of Wounded Knee for a conference with AIM leaders. I left the Command Post with Trimbach at 1:30 PM February 28, 1973, and arrived at Roadblock #1 at 1:50 PM. We proceeded through the roadblock toward Wounded Knee on Wounded Knee Road and stopped approximately 50 yards from the AIM roadblock located south of the Wounded Knee Church. SAC TRIMBACH exited from the car and walked, unarmed to the area in front of the roadblock. I observed that he was met by two unidentified males. He conversed with these men for approximately 15 minutes, during which time he was joined by a few additional males. I remained in the Bureau car and observed that approximately 12 males were located behind the AIM roadblock. Most of these persons were armed with shoulder weapons. The roadblock consisted of what appeared to be junked pickup trucks placed across the highway.

SAC TRIMBACH returned to the car at 2:20 PM February 28, 1973, at which time we proceeded south on Wounded Knee Road and returned to the Command Post.

On the morning of March 1, 1973, I was requested by Mr. [redacted] Attorney General, to see if I could arrange a meeting place for Senators IC GOVERN and ACCUMEEZK to meet with the Indians, if the Senators desired to have such a meeting.

b6  
b7C

In accordance with this request, I proceeded to Wounded Knee and after passing our roadblock, followed the procedure that I had followed the day before. This involves putting a white flag on the car antenna and slowly driving into the town site. About 100 yards from where the Indians had constructed a barrier of two burned cars, I exited from the Bureau car and walked approximately 100 feet. I was met by RUSSELL MEANS.

I told RUSSELL MEANS that the Senators had arrived and that I desired to arrange a meeting place if, in fact, the Senators were going to meet with the Indians. I recommended a location two miles north of Wounded Knee Road on Route 13.

RUSSELL MEANS said that the Senators should come into Wounded Knee. I told him I did not think the Senators would want to do that but I would relay his request. He said that the Indians owned this land and, therefore, they would dictate where they would meet the Senators.

I thereupon returned to the office and after briefing the Senators, it was decided that they would not meet with the Indians unless the hostages were released first. Following the procedure mentioned above, I again met with RUSSELL MEANS. I told him that the Senators would not meet with him until the hostages were released.

At this point numerous persons with the news media came to the area and with them were three persons, who MEANS said were on the hostage list. These individuals stated that they were no longer hostages and were free to come and go as they pleased. MEANS said that the other eight hostages were also free to come and go as they wished but that none of the hostages wished to leave. I told him I would bring this message to the Senators.

It was then decided by the Senators that they would come to the roadblock area. I thereupon drove Senators MC GOVERN and ABOURIEZK and the aides to Senators KENNEDY and MANSFIELD to the roadblock on Wounded Knee Road. I had no further contact with the personnel on the other side of the roadblock on this date.

Date of transcription March 6, 1973

During the late morning and early afternoon of March 1, 1973, Special Agent [redacted] accompanied Special Agent in Charge JOSEPH H. TRIMBACH to the FBI roadblock on Wounded Knee Road, south of Wounded Knee. Special Agent in Charge TRIMBACH and Special Agent [redacted] proceeded from the FBI roadblock northerly to a point approximately 100 yards south of a roadblock established by the Indians.

At the Indian roadblock, Special Agent in Charge (SAC) TRIMBACH got out of the car, which he had been driving, and was met by two Indian males each carrying a rifle. Special Agent [redacted] remained in the vehicle to maintain radio contact. Both SAC TRIMBACH and SA [redacted] were unarmed.

After SAC TRIMBACH exited the vehicle, an automobile was observed parked on a hill to the left. On and around the vehicle, four or five Indian males were observed armed with rifles. One Indian male had a rifle equipped with a telescopic sight which he kept aimed at SA [redacted] and SAC TRIMBACH during the entire time of the conference between SAC TRIMBACH and the Indians. At one point, an unidentified Indian male came running down the hill waving a rifle and yelling that the FBI and United States Marshals were advancing. SAC TRIMBACH assured the Indians this was not true. Many threatening gestures were made during this time by the armed Indians.

Simultaneously, approximately six Indian males armed with rifles approached the FBI vehicle from both sides to within a distance of 100 feet at the closest point. Also, approximately four vehicles approached from the north carrying approximately 15 armed Indian males. Other armed Indian males were observed in the surrounding fields.

After discussions were completed, a second meeting was held at the same site, attended by RUSSELL MEANS. After several minutes of conversation between SAC TRIMBACH and MEANS, approximately 20 members of the news media surrounded SAC TRIMBACH and MEANS and monitored the balance of the conversations. When the meeting was concluded, SAC TRIMBACH returned to the car and then to the FBI roadblock.

No shots were fired by the Indians. No conversations between SAC TRIPIACK and RUSSELL MEANS were overheard by SA [redacted]

At 5:25 p.m. I received information over the radio that FBI personnel who were at Roadblock 3 conducting surveillance were under fire and were requesting immediate assistance.

In response to the above, I ordered all available units to proceed to Roadblock 3. I proceeded to the scene immediately and obtained direct radio contact with Roadblock 3 at approximately 6:00 p.m. Upon arriving at the area, I could hear numerous shots being fired. After determining the extent to cover the blockade and the road, I proceeded to the Armed Personnel Command at Roadblock 3 and conducted with the personnel there and with the United States Marshals. I was unable to observe any of the individuals who were firing at us and after about one hour of firing, had shooting cease.

On March 10, 1973, at 1:45 PM, I accompanied WAYNE COBURN, Director of United States Marshal Service and Special Agent in Charge ROBERT W. EVANS in a bus, which was driven by a Community Relations Service employee, to a point about midway between the AIM roadblock and the roadblock manned by United States Marshals. We pulled off into a parking area and an individual, who identified himself as STANLEY HOLDER, came aboard the bus. He said he was chief of security for AIM. He proposed that AIM remove their roadblocks, and that in return the Marshals should remove their roadblocks. He said this would mean that anyone would have free access into Wounded Knee. Marshal COBURN said he was agreeable to removing his roadblocks in accordance with this provision. I informed HOLDER that the FBI would continue its investigation and that sooner or later he and all of his associates would be arrested.

The man who identified himself as HOLDER was dressed in a blue flowered shirt, had a mustache, black hair, a ring on the little finger of his left hand, and a ring on the ring finger of his left hand.

At 10 A.M. on March 11, 1973 I was accompanied by Special Agent in Charge ROBERT W. EVANS when we proceeded to the American Indian Movement Checkpoint in Wounded Knee. We were met by several guards, all carrying shoulder type weapons. They asked what we wanted and I told them we were with the Federal Bureau of Investigation and we were supposed to meet someone in authority so that we could find out what their intentions were. I specifically mentioned the name of STANLEY HOLDER as a person we could talk to.

Shortly thereafter HOLDER arrived and I spoke to him. I told HOLDER that he was holding up our investigation and that we wanted access into Wounded Knee. HOLDER said he would check and let me know. About five minutes later an individual who refused to identify himself arrived at the Bureau Car and informed us that we were to immediately leave the area and that when any law enforcement officers were found at Wounded Knee, they were to be "arrested".

This occurred at about 10:20 A.M. this date and I and Special Agent in Charge EVANS immediately left the area.

On March 11, 1973, I went into the Wounded Knee area accompanied by Special Agent in Charge WILBURN K. DE BRULER. Our purpose was to see whether or not we would be denied access to the area.

We arrived at the roadblock set up by AIM at 6:40 AM. Four individuals met us, each of whom was carrying a shoulder-type weapon. I identified myself as Special Agent in Charge of the FBI and I informed these individuals that I had official work to do at Wounded Knee, and that they were holding up the progress of the FBI's investigation. I asked him what he was going to do if I proceeded to drive on through. I specifically asked him if he was going to shoot me. To this, one of the individuals replied he would stop us from entering Wounded Knee.

The individual I spoke with would be in his 20's, about 5'10" tall, with a mustache, black hair, and was wearing a black jacket. He had a rifle in his hands. I asked him what color eyes he had and he then closed his eyes and walked away. He refused to give me his name.

After about ten minutes, Special Agent in Charge DE BRULER and myself departed the area.

Special Agents [redacted] took a position at the intersection of a four-way stop near United States Highway 18. At approximately 7:30 P.M. the first vehicle of the caravan approached the four-way stop where Special Agents [redacted] had positioned themselves and without stopping the caravan, proceeded through the four-way stop, continuing in an easterly direction on United States Highway 18.

After about 35 cars had passed through the intersection, The U-Haul Van supra was observed to go through the intersection, continuing with the caravan. Special Agents [redacted] joined the caravan, two cars behind the U-Haul Van, and proceeded east bound. The U-Haul Van proceeded east for about two blocks, then turned into a Husky Gasoline Station on the north side of United States Highway 18, where its driver was observed to purchase gas.

2.

In connection with the investigation of the burglary and larceny of the Wounded Knee, South Dakota Trading Post and the takeover of Wounded Knee, South Dakota, by a group of American Indians on February 27, 1973, the following occurred:

Special Agents (SAs) [REDACTED] CUSTIS A. b6 FITZGERALD, Federal Bureau of Investigation (FBI), had occasion b7C to be on Henderson Road approximately seven miles north of Wounded Knee and one mile south of Chamberlain, South Dakota. SA [REDACTED] was driving Bureau car CG 71 with SA FITZGERALD as the passenger.

[REDACTED] FITZGERALD observed a [REDACTED] approach their vehicle from the south and stop at an off road shoulder about two hundred yards south of their position. After stopping, the occupants of the van [REDACTED] observed SA FITZGERALD at their position for about five minutes.

The van was recognized to both SAs [REDACTED] FITZGERALD as a vehicle which had been in use by the Indians who had taken over Wounded Knee, February 27, 1973. Further, both SAs [REDACTED] FITZGERALD know a thief report for the vehicle [REDACTED] was on file at [REDACTED] and a Federal warrant was on file for [REDACTED]

Upon relaying their sighting of the vehicle to the Federal Bureau of Investigation (FBI) Criminal Unit at the Bureau of Indian Affairs (BIA) in Rapid City, Pine Ridge, South Dakota, SAs [REDACTED] FITZGERALD were instructed to stop the van and identify its occupants. Another FBI vehicle within the immediate vicinity was contacted by radio and its three occupants were requested to back up SAs [REDACTED] and FITZGERALD. Further, SA [REDACTED] requested the Commerce Post to request assistance from three BIA police units that were also in the immediate area.

As SA [redacted] FITZGERALD approached the van's position its occupants hooked onto Henderson Road and proceeded southbound toward wounded knee. SA [redacted] and FITZGERALD approached the van from the rear, pursuing it for a few thousand feet, using the siren of CG 71. As the van increased its speed and gave no indication of stopping SA [redacted] pulled CG 71 alongside the van and still using the siren attempted to force its drivers to stop. At this point SA FITZGERALD advised the driver of the van had a gun in his open window and to pull back to our original position behind the van. Shortly after dropping back behind the van its driver started driving from side to side on Henderson Road at a speed of about 55 miles per hour.

b6  
b7C

Two reports which sounded like gunfire were heard and then one round hit the roadway pavement beside SA [redacted]. At this point SA FITZGERALD attempted to return fire with an M-16 rifle from the right window of CG 71. His rifle misfired and he pulled it back into CG 71 to chamber a new round. At that point several rounds of gunfire were being fired by the occupants of the van through the van's rear doors at SA [redacted] FITZGERALD. As SA FITZGERALD again attempted to fire the now cleared M-16 a round was received from the van through the right windshield of CG 71. The round struck SA FITZGERALD in the left hand and right forearm causing him to drop his rifle from the car window.

SA [redacted] then fired six shots from his revolver, a Smith and Wesson Model 10, .367 magnum, left-handed, at the driver of the van each time he came in view as he swerved the van back and forth on the roadway.

Bleeding profusely SA FITZGERALD then fired six rounds from his revolver, a Smith and Wesson Model 10, .38 Special, left-handed, from his car window.

Continuing to pursue the van SA [redacted] radioed the Command Post that SA FITZGERALD had been hit and requested additional assistance. SA [redacted] reloaded his revolver and continued to pursue the van. Continuous gunfire was coming from the van and as SA [redacted] was reloading his revolver a second round was received through the left windshield of CG 71, fragments of which went passed SA [redacted] right ear. At that

3

MP 70-6832

point SA [redacted] fired an additional six rounds into the rear of the van through the windshield of CG 72.

b6  
b7C

As the sixth round was fired SA [redacted] FITZGERALD had reached the perimeter position outside Wounded Knee approximately one and one half miles north of Wounded Knee on Manderson Road. SA FITZGERALD was still bleeding profusely and he had not been able to reload his revolver. SA [redacted] stripped CG 72, removed SA FITZGERALD from the car, placed him on the ground at its rear and reloaded his revolver in anticipation of the van's occupants returning. SA [redacted] and FITZGERALD then applied a tourniquet to SA FITZGERALD's right arm and SA FITZGERALD applied pressure to his right forearm attempting to stop the flow of blood. At this point the Bureau car called to the assistance of SAs [redacted] FITZGERALD arrived, the three occupants Bureau Agents, establishing a road block and preparing for the van's return. Within seconds thereafter two BIA police units arrived joining the three Bureau Agents. SA [redacted] placed SA FITZGERALD back in CG 72 and departed toward Manderson. About two miles north of the old perimeter position SA [redacted] FITZGERALD met the third BIA police unit and SA FITZGERALD was placed in the BIA police unit. SA FITZGERALD was removed by [redacted] for the Pine Ridge, South Dakota Hospital with SA [redacted] returning to the old perimeter to join the other Bureau unit and BIA police units.

Subsequently SA [redacted] returned to the point about two miles north of the old perimeter where SA FITZGERALD had been hit and located his M-16 rifle.

[redacted] Dakota advised Special Agent [redacted] that he [redacted] had just returned from Wounded Knee, South Dakota where they had been held captive by individuals in Wounded Knee for several hours on March 11, 1973. [redacted] stated that the individuals had also taken their guns and credentials and had not returned them. [redacted] furnished the following signed statement:

"I, [redacted] first being duly sworn here by depose and say: I am a United States [redacted] and have been so employed since Sept. 27, 1972. In connection my employment I have an interest in the operation and security of Postoffices within my Territory. This includes the Post office at Wounded Knee, South Dakota.

"After hearing reports from news media that road blocks and restrictions had been removed at Wounded Knee, [redacted]

[redacted] decided to go into the area and inspect the damage to the Post office, and salvage any remaining records available. We left Rapid City at approximately 6:30 am March 11, 1972 for Wounded Knee. We drove south on Hwyway 40 and went through Manderson, SD. As we approached Wounded Knee from Manderson we observed a sand bag blockade on the left. This was about 1/4 mi or less from the Catholic Church. 3 Indian Males were at this Blockade and they signalled us to stop as we approached. They were armed, 1 with a shotgun, 1 with a rifle, and the third with a small pistol. These weapons were directed at our vehicle as we pulled to a stop

"I was driving, and the male with the pistol approached the car from my side. I rolled down the window, and showed him my credentials. I stated that our only purpose was to check the post office, to salvage what records were available and to see what needed to be done to restore service. He directed us to park our car on the left in front of the barricade and said he would go get someone who would take us into the town. We moved the car as directed and he left. A minute or 2 later the male, I believe holding the rifle directed us to get out of the car, and keep our hands in sight. We did this. While waiting for the other to return we told these 2 that we would like to be permitted to turn our car around and leave. They refused this request. About 10 min later the male holding the pistol returned. I again asked that we be permitted to leave. He stated that some one was coming to escort us in and said in effect that we would have to go in. A few minutes later a vehicle, 1964 Chev. white 4 door. Arrived carrying 2 Indian males. They were also armed. They then put their vehicle into position behind ours and we were directed to proceed slowly into the town.

"We drove then to the front of the Museum and were directed to park there and get out. While still in the car [redacted] asked to lock his camera in the glove box and I suggested everyone lock their doors upon getting out. We were then escorted to the entrance of the Museum and told to remove our coats there. We then went inside and were instructed to sit at a bench in the middle of the hall. One Caucasion, about 25-30 yrs of age appeared to be in charge at this point and there were 3 or 4 others also armed inside. I would describe the Caucasion as about 5'6" tall. Medium build, sandy hair, mustache. We were told to remove everything from our pockets. At this point [redacted] advised them that we were carrying weapons. [redacted] Removed his revolver, and placed it on the counter and then we all followed; individually at their

the same direction. We were then placed back on the bench and were tied to the back of the bench, by looping a cord through are belts. A rope was tied to each of our ankles and we were tied together in this manner. It was approximately 9:00 at this time and I estimate we arrived at the road block about 8:15 am. We then sat there, an older Indian talked to us a while and the Caucasian commented several times, cautioning us not to attempt any moves without permission. Another Indian male who was holding a shotgun at our backs stated don't move suddenly, I wont hesitate to use this. We were questioned also by an older Indian male and advised we were "prisoners of war". After a while a Indian male who identified himself as [redacted] and said he [redacted] came in. He advised us we were going to be released. Our personal effects would be returned but our vehicle would be kept. This was then changed and we were told the vehicle would be given back after we were taken outside to a perimeter point. We were then untied, we four along with the other hostages. Then instructed to line up at the door. We waited there until a pick up, a black and white Ford was backed up to the door way. We were escorted into the rear of the pickup. We were gaurded in the pickup by 2 Indian males and driven to a point about 1/2 mile from town on the road going south to hyay 18 and ordered out of the pickup. We were ordered to stand there with our hands over head until my car was brought up and positioned another 200 yds south. We were then allowed to proceed one at a time to my car and leave.

"I have read the above statement consisting of this page and four other pages, and swear to the best of my ability that the statements contained herein are accurate and true.

Dear Sir:

Enclosed are three (3) reports entitled, "Russell Charles Means", which pertain specifically to the "civil disorder" elements of the Wounded Knee occupation by members of the American Indian Movement.

Three reports, rather than one, are being forwarded to your office for reference in the event simultaneous trials are conducted in Sioux Falls, South Dakota, and St. Paul, Minnesota.

At a future date copies of the same report will be forwarded to your office for the files of Dennis Banks, Clyde Bellecourt, Carter Camp, Leonard Crow Dog and Stanley Holder.

Source advised that the Wounded Knee Legal Defense/Offense Committee is planning very soon to file a complaint against the United States Attorney William Clayton on charges of hindering the American Indian Movement's (AIM) legal defense, harassment, and other charges. Source further advised that the complaint also involves something about "illegal tribal orders."

Source was unable to obtain any additional information concerning future plans or tactics to be utilized by AIM concerning MURDO DISCHINGER's killing.

**4 KILLED SINCE WOUNDED KNEE, MEANS SAYS****Indian Groups to Seek Peace in S.D.**

TULSA (AP) — Three Indian groups will meet to seek an end to hostilities in South Dakota, the national director of the American Indian Movement (AIM) said Tuesday.

Dennis Banks said officials of the National Tribal Council Association and the National Congress of American Indians will meet within 30 days.

BANKS AND Russell Means, a former AIM director, spoke at a news conference in connection with their trip to the annual convention of the National Congress of American Indians to seek help in the South Dakota controversy.

"Repression of the federal government has reached the point of assassination," Means said. Since the end of the Wounded Knee occupation, Means said, four persons associated with AIM have been killed in South Dakota and others live in fear of their lives.

He blamed Bureau of Indian Affairs (BIA) policemen for two of the deaths. The other two have not been investigated by the bureau, he said.

"IF THIS country does not forcefully deal with

BANKS

MEANS

the oppression in South Dakota and with the BIA and the Justice Depart-

cism of the FBI for conditions in South Dakota.

"We are seeing outright

murder on the Pine Ridge Reservation," he said.

"The FBI is trying to kill every member of the AIM central committee. They don't know who they are so they are taking random shots.

"When Wounded Knee ended," Banks said, "we laid down a lot of weapons and those weapons are still close by. Unless something is done now, the weapons will never again be laid down by AIM."

On June 24, 1973, Special Agent [redacted] was present at the cemetery at Wounded Knee, South Dakota, and was approached by an individual who identified himself as BOYD BOSMA. BOSMA advised he was the Assistant Director, Center for Human Relations, National Education Association, 1201 16th Street Northwest, Washington, D.C., and resided in Alexandria, Virginia.

b6  
b7c

BOSMA stated he was led into the village of Wounded Knee during the occupation of said village by the American Indian Movement (AIM) from the period February 27, 1973, through May 8, 1973, by LEONARD CROW DOG. BOSMA advised that he stayed inside the village of Wounded Knee for several days and participated in negotiations between AIM leaders RUSSELL MEANS and DENNIS BANKS with U.S. Department of Justice officials.

BOSMA indicated that he was very knowledgeable of AIM operations during the time that he was inside the village of Wounded Knee. Concerning the shooting of the U.S. Marshal, BOSMA indicated that on the day that the marshal was shot, there was a sniper patrol working, which consisted of two or three Indian males and a white individual, known to him as [redacted]

[redacted] After the marshal was shot and upon the return of the sniper patrol on the day the marshal was shot, [redacted]  
[redacted]

While at the cemetery at Wounded Knee, BOSMA was boasting to the tourists who were gathered at the cemetery about his (BOSMA's) participation in the armed takeover of Wounded Knee.

BOSMA was observed by Special Agent [redacted] to be driving a 1970 or 1971 Ford Econo-Line van, maroon in color, bearing 1973 Virginia license tag DGS 584. BOSMA advised he was en route to Portland, Oregon, to attend the National Education Association Convention in Portland.

## FEDERAL BUREAU OF INVESTIGATION

Minnesota, advised as follows:

He is a Chippewa Indian but he was [redacted] North Dakota, on a Sioux Indian reservation. Formerly he was active in the American Indian Movement (AIM) [redacted] however, he has become disenchanted with AIM because of individuals who have assumed positions of leadership, particularly RUSSELL MEANS, DENNIS BANKS, CLYDE BELLECOURT, and CARTER CAMP.

He, [redacted] was never at Wounded Knee, South Dakota, during the seventy-one day seige by AIM, but instead was in Oregon. [redacted] does not feel that the take-over at Wounded Knee helped the Indian Movement, in fact, did more harm than good, because the public in general is down on Indian people now because of the take-over. MEANS, BANKS, BELLECOURT, and CAMP are using activity of AIM to forward their own personal gain. It is his understanding at this time that there is a power struggle within AIM. It is his experience that Indians cannot get along with one another, and Indians do not trust one another.

[redacted] does not know who shot the FBI Agent or the U. S. Marshal at Wounded Knee.

In April of 1972 [redacted] and several other AIM members [redacted] North Dakota, [redacted]

[redacted] does not feel that he accomplished anything for the Chippewa Indians or anyone else with [redacted]

[redacted] Sioux Indians for the Chippewa Indians. Historically, these two tribes have fought for generations.

[redacted] is no longer an AIM member. He knows of no demonstration or take-over planned by AIM.

with his bow and arrow. [redacted] pointed the bow and arrow at BANKS and challenged BANKS to pull the trigger of the pistol. There was a standoff for a few minutes and BANKS eventually lowered his pistol and laughed and made the statement something to the effect that it was funny how Indians treated each other. [redacted] does not know the current whereabouts of MEANS, BANKS, BELLECOURT, or CAMP.

b6  
b7c

Although [redacted] is Chippewa Indian, other Indians do not trust him completely because [redacted]

[redacted] does not desire to live on an Indian reservation but feels he should seek employment elsewhere and make a living for his family. He does not feel there are ample opportunities on an Indian reservation.

However, when interviewed on June 8, 1973 he indicated that he had been in Wounded Knee during the entire seige and that he was disillusioned with the American Indian Movement and was quite bitter because he had apparently been deserted without any help of any kind. At that time he said he only had 96¢ and when he got out of jail in Pawnee he was planning on returning to his home in Wisconsin.

I think that Mr. [redacted] should be reinterviewed in depth concerning all of the observations that he made from the start of the seige until its end, particularly as to what was said or done by any of the leaders. I would suggest that when a lead is sent out to have Mr. [redacted] interviewed it contain considerable detail as to the takeover so that the agent conducting the interview will be able to ask pertinent questions. By this I am referring to such things as what exactly happened at Calico Hall on the 27th, who was in the caravan, who was present at the breaking of the trading post, etc.

Lord has the authority to require the government to treat all prisoners in court as are being held in Minn. in jails or prisons, but not those who are in other states.

Goings's attorneys, Kenneth Tilsen and Melvin Goldberg, contend that Lord has authority to hear the case because, even though Goings was being held in South Dakota temporarily, he was designated for confinement at the federal prison at Sandstone, Minn.

Anderson contends that Lord does not have jurisdiction because Goings was designated for confinement at the Leavenworth, Kan., prison.

If Lord decides he has jurisdiction over the case, he will conduct a hearing on whether Goings's parole was revoked illegally.

Goldberg and Tilsen contend that Goings wasn't on parole when he was arrested. He had served a five-year sentence and was released Dec. 8.

The government contends, however, that his sentence was reduced and he was released early because of good behavior.

When prisoners are released early for good behavior, they are considered to be paroled until the end of the actual sentence.

Goings's parole was revoked because he did not file written monthly re-

Dale McGrady, guilty on three counts. He was acquitted on 12 other counts.

McGrady and the other defendants were accused of stealing or misappropriating about \$12,000 over a two-year period.

The other defendants were Larry Burr, the assistant

can Indian Authentics, a firm formed to sell arts and crafts materials.

Kent Tupper, one of the defense attorneys, said that the case is the first such prosecution for alleged misuse of Office of Economic Opportunity funds on a reservation.

## Judge sees no clergy-penitent relationship in AIM cases

Associated Press

Sioux Falls, S.D.

A U.S. District Court judge has rejected the argument of an American Lutheran Church minister who contended that disclosure of his discussions with Indian leaders during the occupation of Wounded Knee, S.D., would "irreversibly destroy" his church's relationship with the American Indian Movement (AIM).

Judge Fred Nichol Wednesday ruled that Dr. Paul Boe must reveal written accounts of his discussions with AIM members and supporters in Wounded Knee.

Attorneys representing Boe said the discussions fell within a clergy-penitent relationship and were privileged.

Nichol examined the documents privately and then ruled they were not privileged.

Boe, the executive director of the church's Division of Social Services in

Minneapolis, was subpoenaed last week and is expected to appear before a grand jury hearing government requests for further indictments in connection with the 71-day occupation of Wounded Knee last spring.

Boe has the option of refusing to discuss certain matters with the court. The grand jury could then hold him in contempt or allow him not to testify on those matters.

Boe said in his affidavit that he has known AIM leaders Dennis Banks and Clyde Bellecourt since 1968. Boe said he went to Wounded Knee at Bellecourt's request.

"During my 10 days in early March when I was in Wounded Knee, my right to ... attend meetings of people in leadership positions was never questioned. It appeared clear to me, too, that the persons in Wounded Knee believed that what they said to me was said in confidence."

**Means foresees  
possible Indian  
protests in 1976**

Associated Press

Washington, D.C.

Indian leader Russell Means said Wednesday that the nation's bicentennial in 1976 will be an unhappy celebration unless disputes over Indian treaties are resolved rapidly.

Means, a leader of the Wounded Knee, S.D., occupation incident, made the comment at a news conference. "There definitely will be protests involved," said Means, unless Indian treaty rights are clarified by the time the 1976 bicentennial celebration is held.

He said any protests would not be accompanied by the type of property destruction that marked the seizure of Wounded Knee and last year's occupation of the Bureau of Indian Affairs in Washington.

To Bureau airtel to Minneapolis, dated 11/9/73.

Enclosed are three (3) Xerox copies of a letter to FBI, Minneapolis, from the U. S. Attorney's Office, Sioux Falls, South Dakota, dated 11/8/73, signed by R. D. KURT, Assistant U. S. Attorney.

SAC, Minneapolis, had previously contacted U. S. Attorney WILLARD P. CLAYTON, Sioux Falls, South Dakota, and Departmental attorneys who were in the Minneapolis Division in connection with captioned case. The unusual nature of the request of the U. S. District Court, Sioux Falls, through Assistant U. S. Attorney R. D. KURT, for [redacted] b3 was brought to their attention. It was clearly expressed that the [redacted] were for administrative purposes, were not of an evidentiary nature, and did not contain defendants' conversations or other materials of possible use as evidence.

As a result, the Office of the U. S. Attorney recontacted Judge FRED NICHOL, Sioux Falls, South Dakota, and Judge NICHOL modified his request as indicated in the enclosed letter.

Minneapolis is attempting to assemble and determine the number of [redacted] in existence in the event production of portions of those [redacted] are required. As previously indicated, it is believed that there will be periods of time where no [redacted]  
[redacted] were made as a [redacted]

On 11/14/73, Assistant U. S. Attorney (AUSA) HURD advised that Judge NICHOL has indicated that he desires, if available, the [redacted] for the following events be produced for review by the defense attorneys:

- 1.
- 2.
- 3.
- 4.

The above events, according to Mr. HURD, are relevant to the issues at trial. He stated that he did not know the scope of disclosure desired by the Judge, and that it would be possible for the Judge to order disclosure of additional [redacted]

MP 70-6882

SAC Minneapolis discussed this matter with Mr. HURD, again reiterating the Bureau position that the [redacted] cover administrative matters. Mr. HURD agreed to have a Bureau Agent testify before Judge NICHOL as to the nature, the manner of maintaining, and the difficulty in assembling the [redacted]. It is believed that this testimony will be more effective in presenting the Bureau's viewpoint and protecting Bureau interest, than having Mr. HURD, who may not completely understand the magnitude of the problem, furnish background information to the Judge.

b3

Mr. HURD indicated that the hearing before Judge NICHOL might take place on the afternoon of [redacted] or shortly thereafter.

Minneapolis, by separate airtel directed to the Bureau and all offices, except Anchorage, Honolulu, and San Juan, has requested Agents who served at Wounded Knee be canvassed regarding their knowledge of destruction or other loss of the missing [redacted]. It is felt that this procedure will aid in giving credence to any future testimony regarding the maintenance of the [redacted] and will aid in establishing credibility if [redacted] are determined to be missing.

The Bureau will be kept advised.

Special Agent [redacted] explained to [redacted] that he was being interviewed in connection with the takeover of Wounded Knee, South Dakota, by militant members of the American Indian Movement (AIM) on February 27, 1973, and specifically regarding the looting of the Wounded Knee Trading Post and persons involved in the looting and takeover of Wounded Knee. [redacted] furnished the following information:

Mr. Belcher was advised that on October 10, 1973, Assistant U. S. Attorney (AUSA) R. D. Hurd sent a letter for U. S. Attorney (USA) William P. Clayton, District of South Dakota, to Mr. Joseph E. Trimbach, Special Agent In Charge (SAC) of the FBI's Minneapolis Office. In this letter it was stated that in light of the current status of the law on informers and in preparation for the trial of Dennis James Banks and Russell Charles Means it is necessary for Mr. Clayton's Office to obtain information, as soon as possible, surrounding informers who have any knowledge of the takeover of Wounded Knee or the crimes charged in the indictments against Means and Banks. This was to include information obtained from FBI informers prior to the actual takeover at Wounded Knee on February 27, 1973, and subsequent to May 8, 1973. The USA felt our informants may have information as to acts or statements made which would bear on the question of conspiracy or intent.

In order to comply with USA Clayton's request, SAC Trimbach discussed this matter with Messrs. Clayton and Hurd who requested summaries of all informant information throughout the field. The USA advised the identities of informants could be concealed but he anticipated the information might be given to the U. S. District Court Judge for his review in camera at a later date to determine whether or not any of the

information must be provided to defense counsel in order to protect the defendants' rights to a fair trial.

Mr. Belcher furnished the opinion the FBI need not comply with the USA's request as to do so was premature. Mr. Belcher further stated to obtain all informant summaries at this stage in preparation for trial was not warranted and in fact, this course of action may never be necessary to comply with the Order issued by Chief Judge Fred J. Nichol in U. S. District Court of South Dakota on October 16, 1973.

In lieu of the request of the USA, Mr. Belcher advised the FBI was to proceed promptly in the preparation of the prosecutive summary reports of evidence available to prove the charges against Means, Banks, and the other so-called leadership figures which had previously been requested by the Department on October 25, 1973.

Copies of this letter are being furnished to the SAC of our Minneapolis Office for his guidance with instructions a copy be furnished to USA Clayton for his information.

SAC JOSEPH H. TRIMBACH advised on 11/28/73 that he had completed reading the prosecutive summary report concerning captioned subject and he felt there was a gap that should be filled if possible on the day of the firefight on roadblock three involving SA [redacted]. He recalled that subject instructed the Indians to cease fire in view of the fact that negotiations were going to be resumed concerning a settlement. It was discussed with SAC TRIMBACH that a network television program carried a news report depicting Indians putting on warpaint and also displayed RUSSELL MEANS jumping out of an automobile and shouting to assembled Indians that they should cease gunfire inasmuch as negotiations were to be resumed concerning a settlement of the Wounded Knee matter.

SAC TRIMBACH further commented that he recalled that Senators JAMES ABOUREZK and GEORGE MC GOVERN appeared at Wounded Knee during the initial phase of the takeover and conferred with RUSSELL MEANS. SAC TRIMBACH instructed that this phase be researched and instructed that Senators ABOUREZK and MC GOVERN should be called as witnesses if at all possible.

AMERICAN INDIAN MOVEMENT (AIM)

This investigation is based on information which indicates the American Indian Movement (AIM) is engaged in activities which could involve a violation of Title 18, United States Code, Section 2383 (Rebellion or Insurrection) or 2384 (Seditious Conspiracy), as indicated hereafter. Since January, 1973, AIM has been actively involved in demonstrations and violent confrontations with local authorities in Scottsbluff, Nebraska, and the Rapid City and Custer areas of South Dakota. From February 27 through May 8, 1973, AIM leaders and members and their supporters occupied the community of Wounded Knee, South Dakota, by force of arms taking a number of the community's residents as hostages. Before surrendering to Federal authorities, they engaged in numerous violent and destructive acts and gunfire was exchanged with Federal authorities resulting in the death of two of the insurgents.

Characterizations for the American Indian Movement (AIM) and Wounded Knee, can be found on an appendix page attached hereto.

On November 19, 1973, [redacted]

[redacted] Bureau of Indian Affairs (BIA) Pine Ridge, South Dakota, advised that there is no current chapter of the American Indian Movement (AIM) at Pine Ridge, South Dakota. [redacted] advised however, that there is an active chapter at Porcupine, South Dakota.

APPENDIX

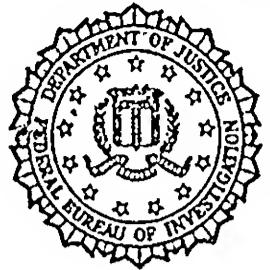

AMERICAN INDIAN MOVEMENT

In an article appearing in the March 18, 1970, issue of "The Denver Post," a daily Denver, Colorado, newspaper, Clyde Bellecourt, described as the Director of the American Indian Movement (AIM), was quoted as saying AIM was founded in Minnesota in 1968, and that it is dedicated to improving Indian housing conditions, employment opportunities and education.

AIM subsequently became involved in the organization of the "Trail of Broken Treaties," which resulted in the takeover of the Bureau of Indian Affairs (BIA) Building, Washington, D. C., early in November, 1972. Damage estimated at close to \$2,000,000 was done to the BIA Building. In January, 1973, AIM participated in a "Unity Conference" at Scottsbluff, Nebraska, which resulted in several confrontations with local authorities and numerous arrests. In February, 1973, AIM-led activities resulted in violent confrontations with local authorities in the Rapid City-Custer, South Dakota, area. In Custer during a confrontation, the courthouse was damaged and the Chamber of Commerce Building was destroyed by fire.

On February 27, 1973, an armed group of Indians under the leadership of AIM took over the community of Wounded Knee, South Dakota, located on the Pine Ridge Indian Reservation. While occupying the town, Indians and their supporters engaged in acts of violence and destruction, looting the trading post and museum, and shooting at Federal authorities. During exchanges of gunfire, a U. S. Marshal and an FBI Special Agent were wounded and two of the Indian insurgents were killed.

AIM has no official headquarters, however, Vernon Bellecourt, National Director, has stated he works out of the Denver AIM Chapter Office.

National Press Room  
Russell Means Discusses Wounded Knee and  
Confrontation at the White House

Means This letter and this Bill of Particulars to the White House Task Force formed during and after Wounded Knee. Along with this presentation, the leadership of the American Indian Movement and with the assent of the coalitions and affiliations that we have throughout this country and Canada, we are, we have also told the United States of America, that if, by 1976, the treaty issue with the American Indians is not adequately and justly dealt with by the United States of America, that planned birthday celebrations by White America will be an unhappy birthday celebration. And, this again, I might add, is with the assent of the coalitions and the affiliations we have secured around the nation, both in the Black community, in the Chicano community, and in the White community. Personified by the National Committee to Combat Racism and Political Oppression, which is formed by approximately 180 organizations of which the American Indian Movement is just one.

Reporter What do you mean by unhappy?

Means Huh?

Reporter What do you mean by unhappy?

Means As the world knows, and everybody in this country knows, 1976 is the 200 birthday celebration by White America.

A birthday celebration, and the bi-centennial commission has continually ignored both on the national and on state levels, ignored, not only the American Indian Movement's requests and pleas for American Indian participation, but also has completely ignored requests from other national indian organizations, the National Congress of American Indians, National Tribal Chairmen's Association, National Indian Education Association, and other national indian organizations which have requested participation by the American Indian in the bi-centennial celebration, and in fact, we demanded last year that the American Indian be the focal point of the bi-centennial celebration. That was under the of Mrs. Nirouski (ph), under the efforts of Mrs. Nirouski (ph), who works at the (inaudible). Reporter When you say you imply something about an unhappy celebration . . . .

Means Definitely.

Reporter What is it?

Means The implication is that, is the very fact that, it's been our stated policy, that if we can find justice, the American Indian through our treaty rights, that we're, we made that statement at Wounded Knee and we continue to make it, is the fact that we'd rather die fighting than continue to submit to the tyranny of this country. And, ah, you take whatever implications you want to from that statement.

Reporter What are you talking about, protests, more . . . ?

Means Definitely there will be protests involved. Also, along with this Bill of Particulars, we have lawyers with expertise in international law working in different and various parts of the country on the presentation that we will make to the United States Committee on Colonialism which we will make in the next two to three weeks, provided they're still in session. We are hoping by contacting countries around the world that are economically independent of the United States of America, economically independent, that we can gather, at least enough support to get the treaty question before the United Nations General Assembly. Also in the works, as we are working through Tribal Chairmen of the Sioux Nations of the various reservations in South Dakota and North Dakota, an attempt to get, to use their political force, whatever force that is from their Tribal Councils and from their reservation, to request from Senator Fullbright, complete hearings on the treaty issue, and specifically the 1868 Sioux Treaty. Hopefully, we will gather positive response from both the United Nations and from Washington, D.C. But, of course we are waiting the response from the White House to this Bill of Particulars. And, if you read through the Bill of Particulars, you will note that of course, the question of Wounded Knee has come up. And, how does the United States legally, according to the provisions of the treaty, believe that they have any right coming onto my

reservation at all. Be they be BIA, Justice, <sup>Border</sup> Board of Patrol, or F-4 Fantoms, or APC's whatever.

Reporter Mr. Means, what the protests you have made, do you contemplate destruction of property, as the BIA building, and Wounded Knee.

Means The destruction of property also included the lives of two Indian people, Frank Clearwater and Buddy Lamont. Buddy Lamont was destroyed by two shots in the back by the alleged anti-sniper chain employed at Wounded Knee.

Reporter Do you contemplate such protests as destruction and loss of life?

Means We never advocated destruction. We were advocating, of course, that the United States live up to its own laws. And therefore to do so then, we have to of course, after 105 years, the Trail of Broken Treaties and the Seige of Wounded Knee culminated in destruction of property that was illegally instructed.

Reporter Mr. Means, you've been indicted over Wounded Knee? Have you been tried yet?

Means I've been to court, along with Dennis Banks, Dennis Banks and myself for trial, we're the first of over 300 defendants in charges arising from the Siege of Wounded Knee. We are scheduled for trial in St. Paul, Minnesota, January 8th.

of which we have gotten the assent of the judge, Judge Nickle (ph), that the treaty question will be decided by that jury, as well as our alleged guilt. Or, innocence, in the charges coming from Wounded Knee.

Reporter Mr. Means, you're a candidate for the Tribal <sup>Chairman</sup> ~~Ceremony~~, Pine Ridge <sup>Reservation</sup> (~~inaudible~~) . . .

Means Right. Provided the Bureau of Indian Affairs allows me to run in their puppet government, because there are no election laws on the Pine Ridge Indian Reservation, it's been coming from administration to administration to establish their own election laws.

Reporter When will this election take place?

Means It's, it keeps being postponed by the Bureau of Indian Affairs, and by the government. The 17th of this month, it is scheduled for a Council Meeting to decide the election laws. However, every time we set a date, they keep postponing it. Traditionally it's always been the primary has always been on December 15th and the general election on January 15th. However there is nothing in the Indian Re-organizational Acts, Constitution and By-laws that make it a certain date. The election, of course, and the results of that election will completely smash the Justice Department's and BIA's claims that we were outsiders in Wounded Knee. And it will completely vindicate there's warriors, and citizens of the independent

Oogala Nation at Wounded Knee, wants the re-election, the election returns.

Reporter Are you subjected to harrassment in your Press Corps Chairmanship of the Oogala Sioux.

Means I receive threats on my life almost daily, both over the phone and through the mail.

Reporter As to the incumbent, Richard Wilson, has conditions improved or deteriorated since Wounded Knee?

Means There has been more housing, (inaudible), whether or not the communities wanted the housing or not, there has been increased funding for the bi-lingual program, there has been increased funding for the schools in Pine Ridge agency. The state of South Dakota has organized, at the State House level, a bi-racial committee to discuss problems with Indian and White people in their state. Ah, I do see some positive results on my reservation since Wounded Knee, however, the tyranny and the police state tactics used have been increased this past week-end. Mr. Killscrow (ph), a member of the American Indian Movement, and an Oogala Sioux from that reservation was killed, and Pat Harp(ph) was shot and wounded severly in the hand, the abdomen, and the leg. Since the end of the Siege of Wounded Knee, there have been four deaths of Oogala people, five deaths now, five deaths, and innumerable shootings, caused by the goons, or the Bureau of Indian Affairs.

Reporter (inaudible) of the goons was shot to death, not long ago. Would you care to comment on this.

Means Well, there is a Grand Jury, Federal Grand Jury in South Dakota that has convened and will continue to convene into the month of December, of which I will testify before, along with other witnesses and people who knew Pedro (ph) at that Grand Jury. I have no confidence that the Grand Jury will reach a right decision, and that in fact, he was assassinated without any cause. Ah, however, at least we're going to wait until the Grand Jury reaches its decision concerning this incident, that's before we come out with the joint statement on our evidence that we have a community.

Reporter Mr. Means, on the principles in the Bill of Particulars you presented to the White House on Monday, did you receive any pledge from any White House Staffer that a response would be prepared by the White House Task Force, and can you tell us who is on that White House Task Force.

Means Ah, the only person I know on there, as you know the White House Task Force met, ah, with the Treaty Council of the Oogala Sioux, at Wounded Knee, while I was still incarcerated in jail; the only person that I do know is on that Task Force is Brad Patterson. And, I believe somebody from the Justice Department, Indian Civil Rights Division.

Reporter (inaudible)

Means We presented it to the White House, through Bradley Patterson.

Reporter Did you receive any, um, terms, um, from Mr. Patterson, a response that he's very (inaudible) . . .

Means Of course, he refused to comment on any of the questions brought forth on the Bill of Particulars at that time. He's going to study it and give us a response.

(inaudible) is going to be that kind of ambiguous insult that they gave to the response of the Twenty Point Solution Paper we prepared in November of last year.

Reporter Mr. Means, if the 1868 Treaty should be enforced, what would be involved so far as property is concerned, or territory?

Means As to the Bill of Particulars, from the east bank of the Missouri River, westward, the whole western half of the State of South Dakota would have to be dealt with by the United States Government. We feel the United States Government has allowed non-Indians into Western South Dakota fraudulently and that is incumbent and in fact, berues the United States of America to justly deal with those people that they have (inaudible) and allowing them to come into South Dakota.

Reporter What would you do with them? Throw them out?

Means Personally, . . .

Reporter No, I mean . . .

Means Or realistically. Personally, yes, I'd throw out every non-Indian.

Reporter Throw them out, farmers, and everyone else.

Means You bet. However, realistically speaking, realistically speaking, we are looking forward to the return of all federal lands in western South Dakota to the (inaudible) nation. Such as the Windcave Park in the Black Hills, and various other federal properties, past military installations, the gunnery range, where they are now burying what do you call it, atomic waste.

Reporter Mr Means, are you not aware that Congress, itself, aggregated that Treaty of 1868 and made certain other adjustments to the Indians, including the more recent Court of Claims Settlement.

Means The 1868 treaty has never been aggregated, sir, only through fraudulent means by the United States Government, which can be proven.

Reporter You mean by Congress.

Means By Congress. They set out a Commission which only received 10 percent of the adult male population of the Cheyenne River Reservation to aggregate the treaty, and within the treaty, the provisions are that 75 percent of the adult males of the Lacolta (ph) nation, and the signatories to that treaty have to consent to the aggregation before it can be aggregated. We have never, we, 75 percent of the adult male

population has never been asked. Is that all, gentlemen, ladies and gentlemen.

Reporter One more question please. You and Dennis Banks both personally told me, failed, that the purpose of American Indian Movement was to destroy the Indian Bureau. What would you put in its place?

Means The Bureau of Indian Affairs. We have put our right to enter into the international community. We have put our right to deal with the United States of America on the same sovereign basis that Nigeria, Sweden, or other countries around the world deal with the United States.

Reporter You think you are a sovereign nation?

Means We think, we know, by law we are. By right of eminent domain.

Reporter Mr. Means, on your (inaudible)

Means The Supreme Court of America has defined us as a sovereign people. Yes.

Reporter The Wounded Knee trials, which open in January, two of you will be the first to be tried, you said nearly 300 people, are there any agreements, are we led to understand that there are agreements between the Wounded Knee Committee Lawyers and the Justice Department, and if you are, if the federal attorneys fail to convict you, then the other people indicted will not be brought to trial. Is that it?

Means No. There have, there, the Justice Department is now trying to have massive trials of other non-conspiracy cases in Sioux Falls, South Dakota.. It astonishes me that the judicial system can take two views of the American Indian people, myself, and say a person like Jim Robedeer(ph) who is charged with non-conspiracy cases. We have proved that we couldn't get a fair trial in South Dakota, so they made a change to St. Paul. Nevertheless, the non-conspiracy cases, or the majority of all but six of the defendants of the trials arising from Wounded Knee will be tried in Sioux Falls, South Dakota, that's the way it looks at that time, even though we do have a change of motion. It looks like they are mounting a massive legal attack on the defendants of Wounded Knee, hoping to get all types of convictions, even before the trial concludes with Dennis Banks and myself.

Reporter Mr. Means, you mentioned also that Mr. Vangeloid (ph) is one of the most prominent Indians in the country, usually considered a moderate, presented your Bill of Particulars to the White House on Monday. I know that during the Wounded Knee Occupation Siege he prepared guest editorials in the New York Times and the Denver Post, somewhat critical of the occupation. What brought about his change in mind?

Means He was somewhat critical, because he was never at Wounded Knee, for one thing. The other thing, is that since then we have met with him two or three times, and, presently

his concern, of course, has always been, primary concern I think is his books, his writings reflect that, and that concern is the treaty with the United States of America. Now, before Indian Affairs ever becomes positive, the treaty question has to be dealt with, that's the first thing that has to be dealt with. So, consequently, he has agreed to work with me, somewhat loosely on the treaty question and we believe we do have a chance of getting hearings from Fullbright, as I mentioned before, and getting a sympathetic ear in the United Nations, provided we present it, you know, as proper as possible, that is as fully documented as possible.

Reporter Why is the citation of the Supreme Court decision  
(inaudible)

Means I have no idea what that citation is.

Reporter How long ago was it?

Means I have no idea about that either. All I know is that they define us as dependent domestic nations.

Reporter Dependent.

Means Right. You see, we want to be independent.

Reporter Well, if you said the Supreme Court . . .

Means We do not believe that people can be responsible people if they are dependent people. Only when you are independent can you attain responsibility, and you know that it says that in your own constitution.

Reporter Mr. Means, have you approached any members of Senator Fullbright's staff on the Foreign Relations Committee, or (inaudible) as of this morning.

Means No, I haven't. You see, Brad Patterson refused to meet with the Oogala Treaty Council, Frank Fullscrow (ph), Ramone Ribadeaux, and Matthew King, requested a meeting for last Monday. He refused to meet with the other three, but he did agree to meet with Vine (ph), and that's when we passed it. I do not try to personally meet with any officials of the United States, because I do know that they don't want to meet with me, so I don't request to meet with Fullbright, or Bradley Patterson, or anyone like that, you know, I just know their response. Is that it. Thank you.

November 1 1973  
Oglala, South Dakota

Richard M. Nixon, President  
United States of America  
c/o White House Task Force on Wounded Knee  
1600 Pennsylvania Avenue  
Washington, D.C.

Dear Mr. President:

We are submitting herewith a Bill of Particulars for your consideration and response. This document is based upon the previous meetings held between the White House Task Force and the traditional chiefs and headmen of the Lakota Nation held at Chief Frank Fools Crow's house at Kyle, South Dakota on the Pine Ridge Indian Reservation earlier this year.

We believe that before we continue further with discussions on the problems existing between the Lakota Nation and the United States of America that it would be good to have the understanding of the United States concerning the treaty that our nation signed with yours on April 29, 1868.

We hope that you will respond to our questions as fully and completely as possible so that we can know your understanding and position on this treaty and the respective articles of it. We hope that a response in good faith will be forthcoming with a short time so that the next time that we meet in council with representatives of the United States some of the issues of the treaty can already be resolved.

American Indians all over the nation are watching the work of this Task Force to determine if it will deal justly with the representatives of the Lakota Nation and we hope that you will instruct your representatives to present us with as complete a statement as possible concerning the position of the United States with respect to the present status of this treaty.

Respectfully submitted,

Chief Frank Fools Crow  
Matthew King, Chairman  
Oglala Sioux Treaty Council

BILL OF PARTICULARS

The major controversy between the Lakota people and the United States government concerns the Treaty of 1868 signed at Fort Laramie, Wyoming Territory between April and November, 1868. That treaty was duly ratified by the Senate of the United States and proclaimed by the President of the United States in due course on February 24, 1869. Because this treaty forms, along with the Treaty of 1851, also signed at Fort Laramie, the basic legal relationship binding the United States of America and the Lakota Nation, we feel that it is now incumbent upon the United States, after avoiding the obvious legal responsibilities accepted by the United States upon ratification for nearly a century, to present to the traditional chiefs and headmen of the Oglala and other bands of the Lakota Nation, its understanding of the meaning and legal effect of this treaty.

We therefore present to the White House Task Force which was created during the Wounded Knee confrontation a series of questions concerning the interpretation by the United States of the articles of said treaty. We will not accept rhetoric and soothing words or excuses. We have need of specific answers to these questions in order that we may study the position of the United States with respect to the treaty and its several articles. When the representatives of the United States have fully explained the actions of their nation with respect to the fulfillment of the provisions of this treaty, we will study their answers, checking their citations and explanations, and will prepare an answer to the United States. In this way we will be able to narrow the con-

troversy to specific questions and arguments concerning specific articles of the treaty and the historical events following and preceding the signing of this treaty.

We therefore call upon the United States to answer in writing within a reasonable time the following questions. We want citations to existing documents, diaries, statutes, and cases which we can check ourselves. We believe that with the ratification of this treaty the United States of America placed its honor and status as a civilized nation before the other nations of the world and that it can now only respond with dignity to the questions which we pose.

QUESTION # 1. Does the United States of America regard the Treaty of April 29, 1868, (15 Stat. 635), Ratified February 16, 1869, and proclaimed by the President of said nation on February 24, 1869 as a valid legal document binding the Lakota Nation and the United States in a legal relationship?

a.) If the United States does not regard this treaty as a valid and legally binding document at what point did the United States disclaim or declare invalid such treaty?

b) If the United States does not regard this treaty as a valid and legally binding document, what document does The United States regard as legally binding upon either party or both parties?

c) If the United States does not regard this treaty as valid and legally binding upon it, what is the basis for the claim by the United States that it has ANY jurisdiction over the people of the Lakota Nation, AT ALL ?

QUESTION # 2. What is the current status of the 1868 Treaty?

- a.) What articles of this treaty does the United States regard as binding upon it?
- b.) What articles of this treaty does the United States believe that it has fulfilled?
- c.) What articles of this treaty does the United States admit having not yet fulfilled?

QUESTION # 3. With respect to Article I of said treaty, we regard the dispatch of federal marshals to the Pine Ridge Indian Reservation last winter as a violation of said article in that such behavior violates the provision and promise of Article I that the United States "desires peace, and they now pledge their honor to maintain it." How does the United States justify its invasion of the lands of the Oglala Band of the Lakota Nation by federal marshals last winter?

QUESTION # 4. With respect to Article II of said treaty, we regard the building of dams on the Missouri River as a violation of the treaty which continues until the present in that the United States has unilaterally and unconstitutionally deprived the Lakota people of their rights to use all of said Missouri River, the totality of said river laying within the boundaries of the Lakota Nation. What position does the United States take with respect to this violation?

QUESTION # 5. With respect to Article III of said treaty, we regard the acts of the United States consequent to the Treaty of 1868 as violations of this article in that we are unaware of any effort by the United States to determine the amount of arable land suitable for the people of the Lakota Nation. Does the United States maintain

that it has fulfilled this article of the treaty? If so, when?  
And how?

QUESTION #6 With respect to Article V of the treaty, we maintain that the United States has failed to enforce the provisions of this article to the benefit of the Lakota people and that far from keeping the agent's office open to investigate cases of depredation on person and property the agent and his successor the superintendent have aided and abetted such depredations and that their actions led directly to the confrontation at Wounded Knee. If the United States feels that it has performed its duties under this article in good faith, can it list its efforts to perform its duties and their results?

QUESTION # 7. With respect to Article VI of the treaty, we maintain that the procedures described in this article were the ONLY means open to either the Lakota people or the United States to allot the lands of the Lakotas. We maintain that the United States, in fraudulently allotting the lands of the Lakotas has violated this article of the treaty. Does the United States claim that it has either fulfilled or followed the procedures described in this article in making allotments of the lands of the Lakotas? If so, how?

QUESTION # 8. With respect to Article VII of the treaty, we maintain that this article provides for a special and ongoing educational program for the Lakota people. We maintain that the United States has not fulfilled the provisions of this article and remains liable to the Lakota people in the field of education. Does the United States maintain that it has fulfilled this article of the treaty? If so, how?

QUESTION # 9. With respect to Article VIII of this treaty, we demand an accounting of the fulfillment by the United States of the provisions of this treaty.

QUESTION # 10. With respect to Article X of this treaty, we demand an accounting of the fulfillment by the United States of the provisions of this treaty.

QUESTION # 11. With respect to Article XI of this treaty, we declare that we, the Lakota Nation, have fulfilled this provision. Does the United States maintain that it has fulfilled the provisions of this article of the treaty? If so, when? and How?

QUESTION # 12. With respect to Article XII of this treaty, we maintain that the ratification by Congress of this treaty foreclosed the use by the United States of America ANY OTHER POSSIBLE MEANS of gaining additional land cessions from the Lakota Nation. Does the United States feel that it has fulfilled the provisions of this article of the treaty? If so, when? and How?

QUESTION # 13. With respect to Article XV of this treaty, we maintain that when the Lakota people accepted the reservation outlined in this treaty as a permanent home such acceptance thereby foreclosed any cession of jurisdiction by the United States over the Lakota Nation. How does the United States interpret the phraseology "permanent home"?

QUESTION # 14. With respect to Article XVI, how does the United States interpret the phrase "unceded Indian territory"?

QUESTION # 15. With respect to Article XVII of this treaty, how does the United States interpret this article insofar as it only

abrogates those portions of previous treaties and agreements that obligate the United States to provide money, clothing, or other articles of property?

The only possible solution to the problems which the United States of America has created for the Lakota Nation is the fulfillment of the provisions of this treaty. We maintain that the United States has failed and is failing to live up to its legal obligations as described in the articles of this treaty. We further maintain that no constructive means can be found to resolve the present disputes between the Lakota people and the United States of America until satisfaction is rendered to the Lakota people on each and every point herein discussed. We regard this Bill of Particulars as one means of clarifying those issues and treaty articles which are in dispute between us at the present time.

We request an answer with full documentation of each and every point raised herein with complete citations to all relevant documents pertaining to the fulfillment of treaty promises. We do not regard the articulation of the United States' response as having any effect on the present litigation now being conducted in the Indian Claims Commission or any other federal or state court insofar as such litigation touches upon the land cessions allegedly made by the Lakota Nation to the United States for any period after 1868. The articles that we have cited relate to the fulfillment of certain promises and services guaranteed by the United States to the Lakota people and not to drawing lines on an ancient map. Thus we will regard any mention of existing litigation over land cessions as an answer "not in good faith" should the White House Task Force give us the same response which they gave to the participants of the

Trail of Broken Treaties.

We also do not regard this submission of a Bill of Particulars as a substitute for the litigation of treaty issues in any court of the United States in any case now pending or yet to be filed against any member of the Lakota Nation or its confederated or allied tribes of Indians. The purpose of this Bill of Particulars is to solicit from the White House Task Force its understanding of the status of the Treaty of 1868 as signed by the United States and the Lakota Nation at Fort Laramie, Wyoming Territory, April 29, 1868.

We reserve the right to litigate any and all articles, clauses, and phrases of this and any other treaty, agreement, convention and statute affecting our lives, our rights to self-government, and our property at any time when we believe, or have good reason to suspect that the United States is violating or intends to further violate our legal rights.

We await the response of the United States.
